

# North Macedonia

## Stobi Conservation & Restoration

Discover the art and science of conserving ancient artifacts at Stobi, one of the Balkans' most iconic Roman sites. This field school offers specialized training in the conservation and restoration of ancient materials and cultural objects in a one-of-a-kind setting. Whether you're a beginner or an advanced student seeking to refine your skills, join IFR in North Macedonia to work with expert conservators and researchers bringing the past back to life. Through practical workshops and restoration training, you'll help preserve history while gaining invaluable skills for a career in heritage conservation.

### Why you'll love this program

#### Real-World Training

Restore Roman pottery, glass, or mosaic artifacts as part of a professional conservation project.

#### Field & Lab Skills

Learn chemical & physical analysis of artifacts, conservation treatments, technical documentation & more.

#### Unforgettable Location

Live a traditional field experience in enigmatic rural Macedonia, with excursions to UNESCO -listed Balkan gems.

#### Make a Difference

Play a role in a national effort, supported by the Ministry of Culture, to preserve Stobi's enduring Roman legacy.
