

# North Macedonia

## Stobi Excavation

Transport yourself to the ancient city of Stobi, where Roman history comes alive. Once a vital crossroads of trade and culture, Stobi thrived at the intersection of two major Roman roads, boasting grand architecture, bustling marketplaces, and vibrant religious life. This field school offers hands-on archaeological training at one of the Balkans' most significant sites. Work alongside experts to uncover the daily lives of Stobi's ancient inhabitants and help conserve its cultural legacy, all against the backdrop of a young nation reclaiming its heritage after a turbulent 20th century.

### Why you'll love this program

#### Real-World Research

Unearth Stobi's Roman legacy while contributing to a large-scale excavation and conservation project.

#### Field & Lab Skills

Learn excavation, survey, recording, photogrammetry, finds processing methods & more.

#### Unforgettable Location

Live a traditional field experience in enigmatic rural Macedonia, with excursions to UNESCO-listed Balkan gems.

#### Make a Difference

Support efforts to preserve Stobi and its role in this young country's national heritage & identity.

### Field School Details

#### Summer Program in North Macedonia

- 4-week immersive research program
- Earn 8 semester credits/12 quarter credits
- Fieldwork, seminars & lab-based research
- Cultural enrichment activities and field trips included
- Shared, air-conditioned cabin accommodation + meals provided

## Make an IFR Field School Your Next Adventure

Our programs take you straight into the field, where archaeological sites and dynamic ecosystems become your classroom. Don't just study abroad—participate in important research, develop real skills, and make a lasting impact. With IFR, you're not only seeing the world—you're uncovering it.

### Admissions at a Glance

- One-on-one guidance available
- Competitive tuition rates
- Simple online application
- Quick decision turnaround
- Rolling enrollment deadlines
- All majors & academic backgrounds welcome

### The World is Our Classroom

Immersive field training programs in the U.S. and around the globe ranging from 2-6 weeks in length.

### Field Research that Matters

Unique programs in archaeology, environmental science, paleontology and more.

### Career-Ready Skills

Transformative field experiences that develop life and professional skills you can learn no place else.
